

ShannieMakes: Duckbill Style Face Mask SML

SMALL Age 3+

MEDIUM Age 7-12

LARGE Teenage-Adult

Scale 4cm

NOT SUITABLE FOR BABIES AND TODDLERS.

If you are looking for a size between ages 3 and 7, please go to my website or YouTube Channel: ShannieMakes. I will instruct you how to achieve this.

This face mask was designed with affordability and washability in mind. It is reusable and stylish. It cups under the chin and over the nose bridge without the help of metal wires. This is not a medical/surgical grade face mask, but it is good enough to protect the lower part of your face from dust particles and some odours.

The instructions given on the pattern pieces are for making a 2 layered mask. If you require a 3 layered mask, just cut 2 extra pieces of your chosen fabric/filter/lining for pattern piece 1. In the video tutorials I sometimes make it 2 layers, but most times it is 3 layers for extra protection.

Large Elastic Cord 2x 23cm
Medium Elastic Cord 2x 21cm
Small Elastic Cord 2x 18cm

Recommended Fabrics:

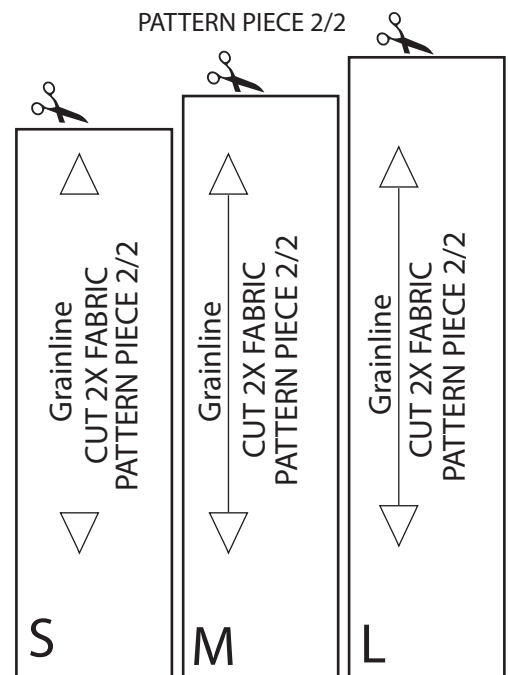

Gore-Tex is breathable and water repellent/waterproof. Some Micro-Fibre Taffeta fabrics are breathable and water repellent/waterproof. Please check manufacturers instructions. It is best to test the breathability of the fabrics on your face before buying/cutting.

Spraying fabric with waterproofing spray is not recommended because of the close proximity of the chemicals next to your respiratory system.

Inner and lining fabrics such as cotton, double gauze and any fabrics with absorbing properties are the best choices, as well as creating a layer for you to breathe.
