

# ShannieMakes: 3 Piece Style Face Mask Medium

Scale 4cm 

Size: M/Ladies/Teenagers Adults (Suitable for most adults)

**The mask is not recommended to use on babies or toddlers.**

This face mask was designed with affordability, washability and reusability in mind. This is not a medical/surgical grade face mask, but it is good enough to protect the face from dust particles and some odours. You can use a medical/surgical grade mask with this for extra protection.

M/Ladies/Teenager/Adults Elastic Cord 2 x 23cm

The instructions given are for making a 2 layered mask.  
If you require a 3 layered mask, just cut 1 extra piece of your chosen fabric/filter/lining for pattern piece 1.  
Also remember to cut 2 more pieces of your chosen fabric/filter/lining for pattern piece 2.

#### Recommended Fabrics:

Gore-Tex is breathable and water repellent/waterproof. Some Micro-Fibre Taffeta fabrics are breathable and water repellent/waterproof. Please check manufacturers instructions. It is best to test the breathability of the fabrics on your face before buying/cutting.

Spraying fabric with waterproofing spray is not recommended because of the close proximity of the chemicals next to your respiratory system. Inner and lining fabrics such as cotton, double gauze and any fabrics with absorbing properties are the best choices, as well as creating a layer for you to breathe.
